Flood Protection Information

The following information is provided to Lighthouse Point residents as a requirement to participate in the National Flood Insurance Program (NFIP) and obtain premium discounts for flood insurance. Remember, floods are dangerous and a threat to both life and property. This [flyer](#) gives you some ideas of what you can do to protect yourself and your family.

Now is the time to prepare for Hurricane Season

Trim Trees and Shrubbery: Now is the time to trim trees and shrubbery, and remove coconuts. All vegetation is picked up in the City on a weekly basis. Having your property maintained before a storm will help to ensure that our Public Works Department will be able to assist all

areas of the City during unexpected emergencies. Please remember, per [City Code Section 74-33](#), all contractor-generated trash must be removed by the company generating the contractor-generated trash.

Bag It - Don't Blow It Per [City Code Section 90-39](#), no person shall throw debris of any kind, including lawn clippings or vegetation, into the canal. Both residents and hired landscapers should bag any lawn clippings or vegetation instead of blowing them into the canal.

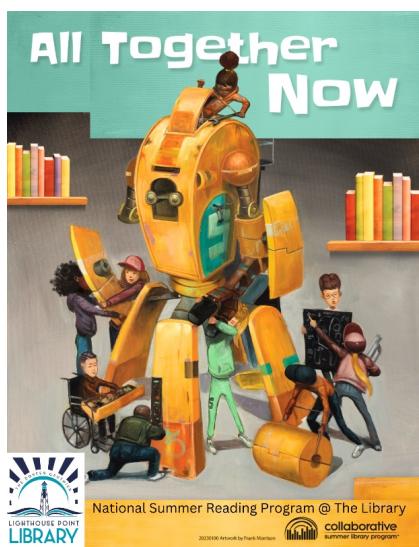

Dispose of Trash and Unwanted Household Items: Now is the time to get rid of unwanted items. In previous years many residents waited until a hurricane was on its way before they emptied out their garages to make room for vehicles, and unfortunately had to bring their unwanted household items and trash back into their garages because there wasn't enough time for trash collection.

Shelters or Evacuation Plan: Now is the time to form a family hurricane action plan. Lighthouse Point is a mandatory evacuation area with category 3 and above storms. Determine what hurricane plan you and your family will follow should the need arise, how your home will be secured, and where you will stay. The best place to stay is in a home which is outside of the evacuation zone and that has hurricane shutters, food, and supplies.

This year's national summer reading theme is **All Together Now**. So, Lighthouse Point residents of all ages, lets join All Together Now to read, learn, and grow!

The Library thanks the following organizations for their support of our FREE Library Summer Programming 2023: Friends of the Library, the Collaborative Summer Library Program (CSLP), the Community Development Block Grant (CDBG), Florida Humanities Summer Reading Grant, the Florida Division of Library and Information Services, and the Southeast Florida Information Network (SEFLIN).

The Lighthouse Point Library is thrilled to announce that it has been selected as one of eleven public libraries in the State to receive the Florida Humanities grant funding to support FREE museum programming for kids this summer! This is the first time this grant has been offered to libraries, so the Library is extra excited to be part of this pilot partnership. The museums scheduled to visit the Lighthouse Point Library this summer are the Museum of Discovery and Science and the Morikami Museum. Full details (including how to register) will be announced in the Lighthouse Point Library's Summer Programs Guide on May 15. Children's age and attendance limits will be set by each museum.
