NOTICE OF PENDING RECLAIMED WATER IMPROVEMENT PROJECT

April 16, 2024

Dear City of Pompano Beach Water Customer,

The City of Pompano Beach Utilities Department has contracted Murphy Pipeline Contractors, LLC. (MPC) to expand the reclaimed water system in your neighborhood. You will begin to see construction activity in Lighthouse Point in the areas shown in red below on Wednesday, April 24, 2024. The project is expected to take approximately 12-14 weeks to complete.

To minimize inconvenience to Pompano Beach customers, MPC will employ a trenchless technology method known as Horizontal Directional Drilling (HDD). This method allows the pipe to be replaced without excavating the entire route of the pipeline. However, minor excavations will occur at the placement of each meter upon the property. Any disturbed areas will be restored to original condition.

We appreciate your understanding and cooperation during this community improvement project. Our goal is to maintain the highest degree of customer service. If you have any questions, please call **MPC office at 954-257-5050** or e-mail **Cindy.Viers@MurphyPipelines.com** and/or **Aaron Lyons, Water/Reuse Construction Manager at 954-786-5511 / aaron.lyons@copbfl.com**.
