## June 2024 Newsletter

### WM New Trash Collection

Thank you LHP residents for the smooth transition to uniform trash carts! Beginning the week of June 3rd, new solid waste collection trucks, equipped with automatic lifting arms, will be in town to empty your carts. *Note that there are no changes to pick up days, recycling, or bulk trash pick up.*

### Lighthouse Point Resident Automated Collection with 96-gallon Carts Coming Soon

WM is pleased to continue as your environmental services provider collecting your trash, recycling, and bulk items.

Beginning the week of May 20, a 96-gallon black trash cart will be delivered to your residence.

WM will begin its automated collection program for trash the week of June 3. Our new trucks will use automatic lifting arms to empty your cart, making collection efficient and safer for your community and our drivers.

See the back side for more information.

### Important Cart Information:

A 96-gallon black trash cart will be delivered to each residence beginning the week of May 20. **Please DO NOT begin using your trash cart until the week of June 3.**

Your collection service days **WILL NOT** change.

If you would like a smaller trash cart (65-gallon or 35-gallon), or a second trash cart at no charge, please email your Name, Address, and Cart preference to [LighthousePoint@wm.com](mailto:LighthousePoint@wm.com) by May 10. If you would like a third trash cart for a fee, please contact WM Customer Experience at (954) 974-7500.

### As a reminder:

- Please **BAG YOUR TRASH**. ALL trash must be placed **INSIDE** your new black cart.
- Place your cart at the edge of your driveway by 7 am, **NOT** in the street.
- Cart must be **THREE (3) FEET** from parked cars, mailboxes or fencing with cart wheels facing your home.

**TO RECYCLE YOUR OLD TRASH CART, PLEASE PLACE IT CURBSIDE ON BULK COLLECTION DAY ON ITS SIDE.**

There will be no changes to recycling services. Please continue to use your tan and green recycling carts. Place recycling materials loose in your recycling cart, and **DO NOT** bag your recyclables. Plastic bags and plastic liners are not recyclable in City recycling carts.

Questions? If you would like to make change in your cart size **AFTER** June 3, please contact WM's Customer Experience Department at (954) 974-7500 or visit [home.wm.com/Lighthouse-Point](http://home.wm.com/Lighthouse-Point).

## Hurricane Season Begins Today!

**Trim Trees and Shrubbery:** Now is the time to trim trees and shrubbery, and remove coconuts. All vegetation is picked up in the City on a weekly basis. Having your property maintained before a storm will help to ensure that our Public Works Department will

be able to assist all areas of the City during unexpected emergencies. Please remember, per City Code Section 74-33, all contractor-generated trash must be removed by the company generating the contractor-generated trash.

**Bag It - Don't Blow It:** Per City Code Section 90-39, no person shall throw debris of any kind, including lawn clippings or vegetation, into the canal. Both residents and

hired landscapers should bag any lawn clippings or vegetation instead of blowing them into the canal.

**Dispose of Trash and Unwanted Household Items:** Now is the time to get rid of unwanted items. In previous years many residents waited until a hurricane was on its way before they emptied out their garages to make room for vehicles, and unfortunately had to bring their unwanted household items and trash back into their garages because there wasn't enough time for trash collection.

**Shelters or Evacuation Plan:** Be sure to form a family hurricane action plan. Lighthouse Point is a mandatory evacuation area with category 3 and above storms. Determine what hurricane plan you and your family will follow should the need arise, how your home will be secured, and where you will stay. The best place to stay is in a home which is outside of the evacuation zone and that has hurricane shutters, food, and supplies.

## Community Garden-We Want Your Feedback

The City is looking for feedback regarding installing a community garden in the City. This would allow residents or community groups to rent a garden bed for a nominal fee to grow a garden for the season. The City would provide the bed, soil, tools, water source, and other educational classes for those interested. Please email us at [lhprec@lighthousepointfl.gov](mailto:lhprec@lighthousepointfl.gov) to let us know you would be interested. This feedback is not a commitment to rent.
