WM Launches New Trucks for LHP

Mayor Van Buskirk attended the launch of brand-new WM trucks for the City of Lighthouse Point. He was able to partake in the morning safety meeting and helped with the vehicle pre-trip safety inspection!

To reduce emissions from trucks, WM didn't

just *switch* to renewable fuels; they started *producing* them by capturing gases our landfills release and converting them to low-carbon fuel that powers a significant portion of their fleet. WM incorporated advanced data-collection technology into their trucks, making collection safer and more efficient while reducing greenhouse gas emissions.

Employee of the Quarter 2025

The Employee Appreciation Program was designed to reward individuals who consistently go above and beyond, contributing to the success of our City.

We are pleased to officially congratulate Crew Leader Bert Kelly on being selected as our Employee of the Quarter! This recognition is a direct reflection of his exceptional dedication and outstanding performance during the first quarter of the year.

Bert is not someone who just shows up to do a job. He shows up—several hours early—every single day. He sets the tone before most of us even start our morning coffee. And once he's here, he's not just punching a clock—he's going above and beyond, daily.

What truly sets Bert apart is his heart for people. He's always available, always willing to help, and always encouraging those around him. He uplifts his crew through positive reinforcement and takes the time to recognize their hard work—something we don't always see enough of in day-to-day operations.

Bert's positive attitude and tireless dedication are truly inspiring, and we are fortunate to have him as part of our team.

Please join us in congratulating him on a job well done!

Now is the time to prepare for Hurricane Season

Trim Trees and Shrubbery: Now is the time to trim trees and shrubbery, and remove coconuts. All vegetation is picked up in the City on a weekly basis. Having your property maintained before a storm will help to ensure that our Public Works Department will be able to assist all areas of the City during unexpected emergencies. Please remember, per City Code

Section 8-23, all contractor-generated trash must be removed by the company generating the contractor-generated trash.

Bag It - Don't Blow It: Per City Code Section 11-155, no person shall throw debris of any kind, including lawn clippings or vegetation, into the canal. Both residents and hired landscapers should bag any lawn clippings or vegetation instead of blowing them into the canal.

Dispose of Trash and Unwanted Household Items: Now is the time to get rid of unwanted items. In previous years many residents waited until a hurricane was on its way before they emptied out their garages to make room for vehicles, and unfortunately had to bring their unwanted household items and trash back into their garages because there wasn't enough time for trash collection.

Shelters or Evacuation Plan: Be sure to form a family hurricane action plan. Lighthouse Point is a mandatory evacuation area with category 3 and above storms. Determine what hurricane plan you and your family will follow should the need arise, how your home will be secured, and where you will stay. The best place to stay is in a home which is outside of the evacuation zone and that has hurricane shutters, food, and supplies.

For more hurricane information, please visit our [website](#).

Police Department Issues Safety Guidelines for Electric Rideable Devices

The Lighthouse Point Police Department strongly urges parents, guardians, and young riders to prioritize safety and exercise good common sense when purchasing and operating electric rideable devices. While some of these devices may meet legal criteria for operation, the department emphasizes caution due to potential hazards posed by local traffic and the high speeds these devices can reach. Proper usage and compliance with Florida law are essential to ensure everyone's safety.

With the growing popularity of these vehicles, including some that resemble mini dirt bikes but meet electric bicycle criteria, it is vital for parents, guardians, and riders to understand their proper use and the legal distinctions between electric bicycles and electric dirt bikes.

Please remember: The use of electric bicycles, dirt bikes, or other motorized devices is prohibited in all Lighthouse Point City parks, including athletic fields.

The Lighthouse Point Police Department strongly recommends that parents and guardians use good judgment when purchasing electric rideable devices for children, even if they are technically legal to operate.

Please click [here](#) to read the full safety guideline memorandum from the LHP Police Department.

Recycle Right!

What items and materials are NOT recyclable?

Non-recyclable materials should be placed in your standard trash receptacles. Be certain that your trash cans are not overloaded and that their lids can close all the way. containers.

Typically, items below cannot be recycled via curbside recycling programs.

- Plastic bags (these can often be returned to a local grocery store)
- Ceramic dishes, cups and glassware
- Juice boxes/juice pouches
- Foam cups or packing materials
- Windows, mirrors, sheet glass

Try to reduce and reuse these items instead of putting them in the trash.

Do not bag recyclables. They must be loose in the bin.

Plastic bags are not accepted as part of curbside recycling programs - they get tangled in equipment and threaten worker safety.

If you collect your recyclables in a bag, empty them directly into your cart and reuse the bag!

No Cups with wax or plastic coatings. Invest in and carry a reusable cup instead

Lighthouse Point Fire Rescue has been hard at work doing training on vehicle extrications ensuring that the firefighters remain up-to-date on best practices and innovations in the field. Nice work, LHP FD!

At the April 22, 2025 City Commission meeting, we celebrated bring your child to work day, presented proclamations to Norcrest Elementary's Teacher of the Year for Teacher Appreciation Week and to Norcrest Elementary's ASD coach for Autism Awareness Month, and celebrated our Employee of the Quarter!

Officer Masi was honored by the Broward Sheriff's Office Advisory Council for raising a record-breaking amount of funds to support the Special Olympics 2024.

Lighthouse Point Police Department successfully completed the On-Site Accreditation Inspection conducted by the Commission for Florida Law Enforcement Accreditation (CFA). Over the course of two days, assessors thoroughly reviewed our facilities, equipment, practices, training, and procedures. Way to go, LHP PD!

Canal Dredging

The contractor has completed Phase 1 and has started Phase 2 which consists of the west end of the South Grand Canal.

Lift Station 224 Repairs

The rehabilitation of Lift Station 224 has been completed.

Pompano Reuse Irrigation Project (City of Pompano Beach)

The City of Pompano Beach has installed a Reuse water system in another section of the City in the Pompano Beach service area, south of NE 27th Street and west of Lighthouse Drive. Pompano has fully completed the installation of the reuse system expansion for Phase V. The system has been certified by Broward County and the individual home hookups are being scheduled. The affected roads have been repaved and striped. A punch list of asphalt corrections has been made and will be completed

before project closeout.

FPL Storm Secure Underground Project(s)

The road crossings have been completed and the final house hookups are ongoing.

Upcoming City Meetings

Meeting instructions will be available on the [City website](#) the Friday before the meeting.
