Flag Retirement Box

Did you know there's a flag retirement drop box located right outside City Hall? It was installed a few years ago as part of an Eagle Scout project to give residents an easy way to properly retire worn or damaged American flags. If your flag has seen better days, simply drop it off anytime, and it will be respectfully disposed of according to tradition.

Hurricane Season is 'Wind-ing' Down

Even as the season slows, it's smart to review your hurricane readiness:

Check Supplies: Restock your emergency kit with non-perishables, water, and fresh batteries. Check and replace any expired items.

Review Plan: Make sure everyone in your household knows the emergency plan, especially the designated meeting spot for an evacuation.

Stay Informed: Sign up for local emergency alerts and follow official weather sources like the National Hurricane Center.

Employee of the Quarter 2025

The Employee Appreciation Program was designed to reward individuals who consistently go above and beyond, contributing to the success of our City.

We are pleased to officially congratulate Athletic Supervisor Townsend Crittenberger on being selected as our Employee of the Quarter for Q3! This recognition is a direct reflection of his exceptional dedication and outstanding performance during the second quarter of the year.

This summer, Townsend went above and beyond in every possible way, bringing energy, kindness, and professionalism to our Summer Camp program. Every day, he arrived with an upbeat, positive attitude that lifted the entire group. Townsend has a natural connection with children—they are drawn to him, and it's clear they feel safe, valued, and supported in his presence. Whether he's leading an activity, organizing a game, or having a one-on-one conversation with a camper, he brings joy and care. His ability to remember every camper's name and interests is truly remarkable.

Townsend poured his heart and soul into the program. The kids adore him, parents trust him, and his teammates rely on him. It is rare to find someone who can be playful and silly with children one moment, and calm, professional, and steady in a challenging situation the next. The City is fortunate to have such a dedicated employee.

Beyond the Summer Camp program, Townsend also created the "Player of the Week" award, spotlighting one player from each division on the LHP Parks and Recreation website, a recognition that both players and families now look forward to.

Transport Trucks

Please help keep our side streets safe and clear. Our residential roads are narrow, which can cause traffic congestion, property damage, and safety concerns for pedestrians and children. If you're expecting a delivery from a car hauler, please consider meeting them in a location that is safe and uses main roads only. Let's work together to keep our community safe and accessible for everyone.

Thank you for your cooperation!

Let's Recycle Better, Together

Flatten boxes before adding them to the recycling bin. Not only does it save space, but it allows you to shut the lid, which keeps the contents clean and dry.

Think it doesn't matter if your recyclables are clean and dry? Think again! Wet paper and cardboard can't be recycled and contaminates the entire bin. Keep recyclables

clean and dry.
