

BRANCE Diversified

601 Bryan Street, Jacksonville, FL 32202

City of Lighthouse Point
Canal Maintenance Dredging

Brance Diversified, a Florida based licensed & insured Marine Contractor has been contracted by the City of Lighthouse Point for the maintenance dredging of portions of the navigable canals throughout the city waterway system. Dredging activities are expected to commence May/June 2020. To take advantage of our upcoming mobilization of dredge equipment, please contact us for a free quote to deepen your private slip area. Note that permits are required so, if interested, please do not hesitate to contact us to initiate the process.
